

# TERMINAL TOWER CLEVELAND – TEAL

To help us kick off Ovarian Cancer Awareness Month 2021 the Terminal Tower in Cleveland will be lit in TEAL lights throughout September 1st.! This is my interpretation. It is an applique design pattern FREE during Sept. 2021 & will be also available as an applique ready to stitch so you can create something unique for someone special.

**NOTE:** you may have to reverse the design if adding fusible backing. Follow the manufacturer's guidelines for the type of fusible you choose.

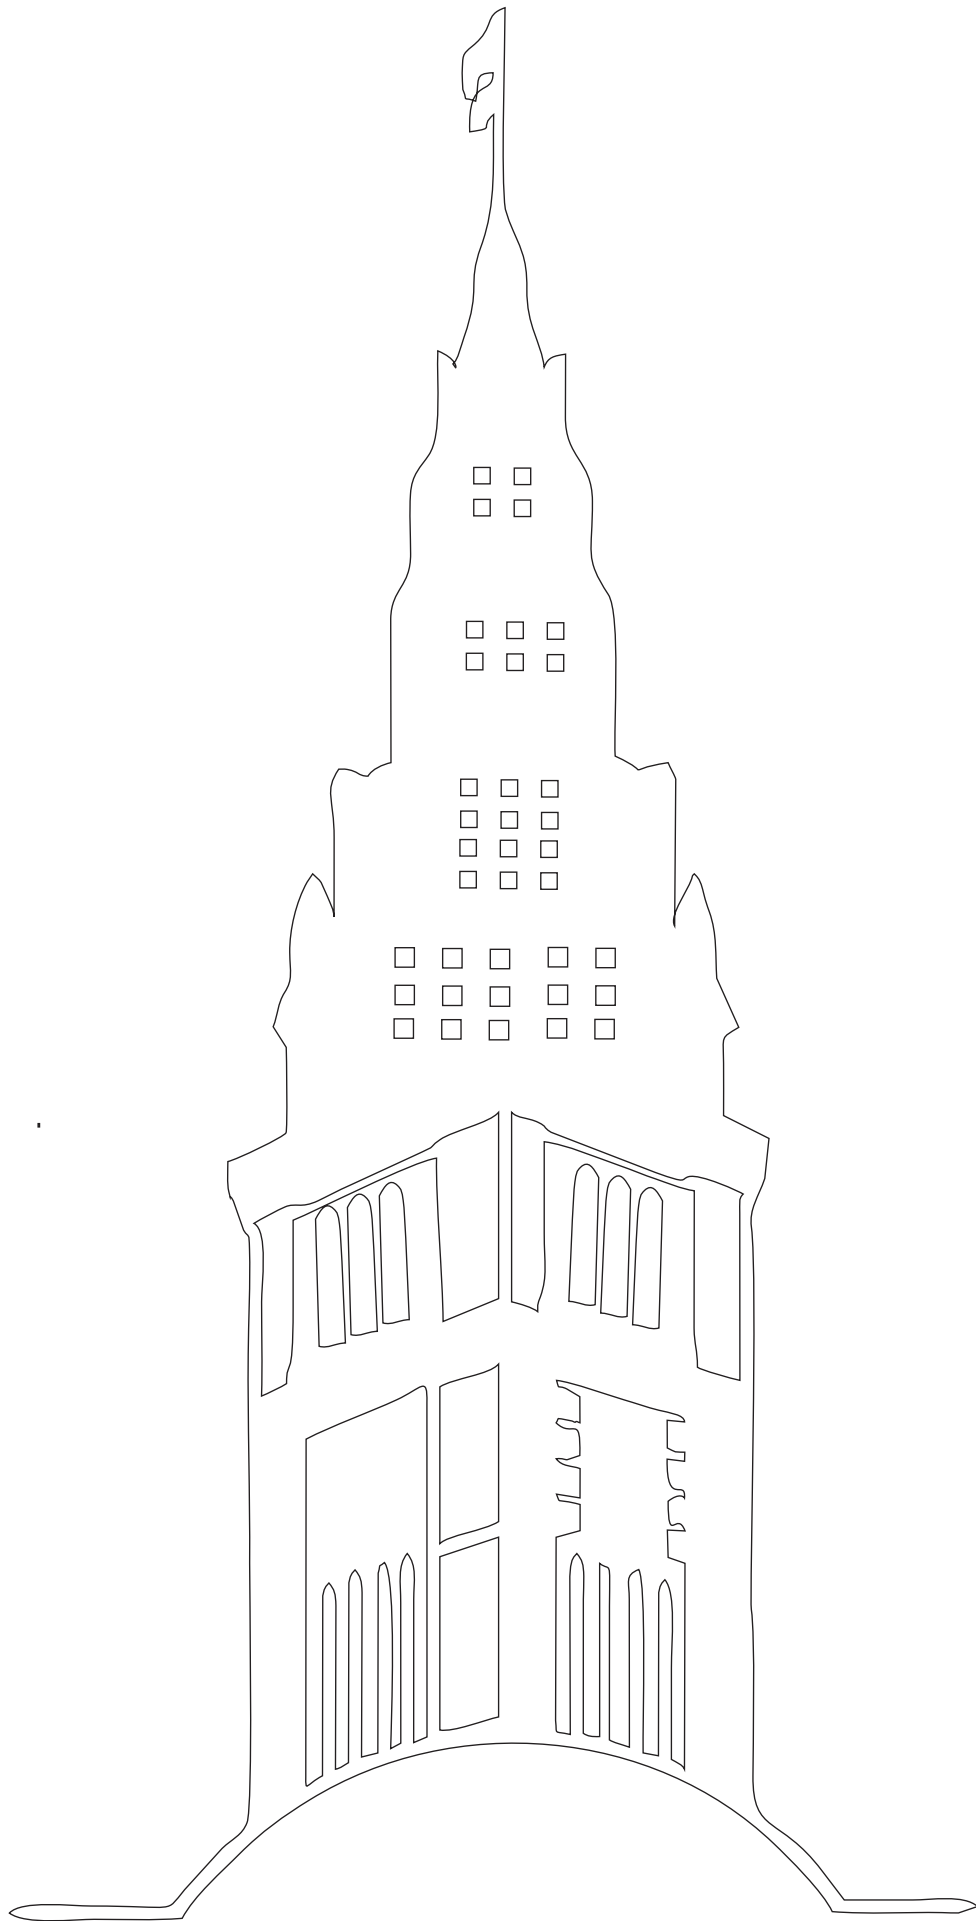

These templates are designed for raw edge applique, if you are going to do needle turn applique you will have to add 1/4" more fabric along the outer edges of the fabric when you are cutting. This pattern was created to fit in a 12.5" unfinished block as required by Designer's Awareness Block Challenge. Complimentary pattern & will be available until the end of the September 2021. After that you will be able to purchase a pattern on the website under the category "Patterns for Appliques"

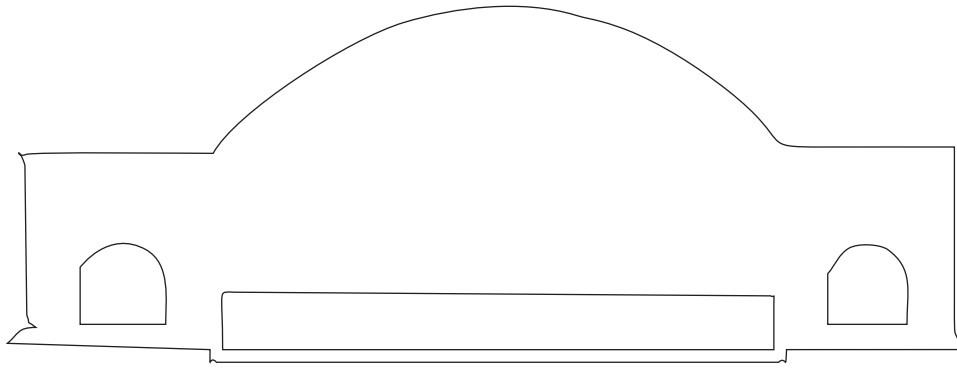

Laser precut applique kits are available for purchase for a limited time only.
