

# PLACEMENT GUIDE

**NOTE:** These templates are designed for raw edge applique.  
if you are going to do needle turn applique, add 1/4" more fabric  
along the outer edges.

**NOTE:** you may have to reverse the design if adding fusible backing.  
Follow the manufacturer's guidelines for the type of fusible you choose.

The complimentary '[free](#)' block is available thru July 31, 2024.  
After that time you will be able to purchase the [pattern](#) on the website.  
A precut [applique kit](#) will be available for a limited time.

Take a photo of your finished project.  
Send it to me (Carolyn) at [appliquesquiltsandmore@hotmail.com](mailto:appliquesquiltsandmore@hotmail.com).  
I would love to post it on the website under "idea corner"  
and on my social media platforms to give others inspiration.
