(*) you may have to reverse the design if adding fusible backing. Follow the manufacturer's guidelines for the type of fusible you choose.

These templates are designed for raw edge applique, if you are going to do needle turn applique, you will have to add 1/4" more fabric along the outer edges when cutting your fabric.

For a limited time only, you can get a precut applique kit.

. Kits are available with or without fusible backing.

Background & border fabric not included - only applique pieces.

If you would like to get a precut applique kit, you can find it [HERE](#)
