MAR. 2026

Issue #3

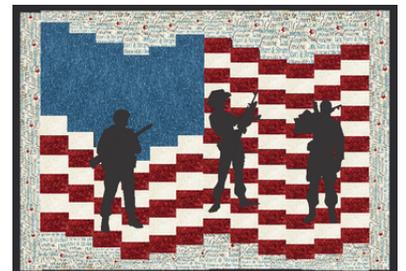

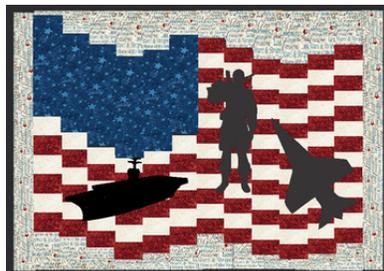

we're sew lucky you're here!

On St. Patrick's Day, it seems that we are all a little bit Irish, right? So why not add splash of green, or a four-leaf clover or even a mischievous leprechaun to your next project. After all, quilting is all about creating something magical with every stitch. Here are a few examples, you'll find on the website to spark your inspiration.

We're celebrating America's 250th Birthday in style! Over the past few weeks, we've been receiving special fabrics for unique projects just for this occasion.

Some of the military panels were featured in our January newsletter, and now, we're excited to share our latest designs. They're available online or at the shop in Westlake, OH. Come check them out!
